&

Shri Vithalrao Joshi Charities Trust's
B. K. L. WALAWALKAR HOSPITAL,
DIAGNOSTIC & RESEARCH CENTRE

THE ROYAL COLLEGE
OF SURGEONS OF
EDINBURGH

Basic Surgical Skill Course by RCS Edinburgh, UK

With the prodigious response that we received for the first 2 batches, 'B.K.L. Walawalkar Hospital' and 'The Royal College of Surgeons of Edinburgh, UK' will be re-conducting the **Basic Surgical Skills Course** in India.

This course is run by the Royal College of Surgeons of Edinburgh and will be held at **BKL Walawalkar Hospital in Dervan, Maharashtra.**

This course is ideal for doctors looking to **learn and improve the basic skills and techniques of Surgery.** They will get an opportunity to learn from highly qualified and experienced visiting faculty from UK.

This course provides Assessment and **Certification by the Royal College of Surgeons of Edinburgh, UK.**

This certification is highly desirable for **MRCS examination** and ideal for doctors wanting to obtain surgical training and work in the UK.

The course duration is of 2 days and will be conducted twice.

Batch I: - 8th & 9th Jul 2018.

Batch II: - 13th and 14th Jul 2018.

The course fee is Rs.40,000/- (all taxes inclusive) and also includes food and accommodation.

£465 for NRI candidates.

Organized by:

Dr. Sunil Nadkarni, MS FRCS(Ed) MCh.

Terms and Conditions

1. Registration fees

All participants must pay the registration fee and submit the details of payment in registration form and email to above given email address. Your registration in the workshop will be confirmed on receipt of payment.

For NEFT & RTGS payments please contact, Dr. Netaji Patil for banking details.

No cancellations of registration will be allowed and no fee will be refunded once the payment received or processed.

2. Liability

B.K.L. Walawalkar Hospital reserves the right to amend any part of the Workshop programme if necessary at any time.

Venue:

B.K.L. Walawalkar Hospital, Diagnostic & Research Center,
At & Post: Sawarde, Dervan,
Taluka: Chiplun, District: Ratnagiri.
Maharashtra State, 415606, India.

For further detail please visit our website –
www.walawalkarhospital.com Email:
bssdervan@gmail.com

COURSE GOAL:

* The aim of this workshop is to provide a structured curriculum to teach the correct basic surgical techniques and to instill in the trainees the best habit at the beginning of a surgeon's training.

* The course is held over two days and is made up of a series of demonstrations and extensive hands-on sessions

* At the end of the workshop, trainees will be able to demonstrate the correct basic surgical techniques and appreciate the theoretical and practical knowledge of basic surgical procedures

WHO SHOULD ATTEND:

- Strongly recommended as highly desirable programme for all surgical trainees i.e. General Surgery, Orthopedics, Otolaryngology, Obstetrics & Gynaecology, Hand and Plastic surgery and Urology
- House Officers, Residents, Medical Officers
- Clinicians who seek to equip themselves with good basic surgical techniques.

How to Reach

- Air:** 1. 'Chhatrapati Shivaji International Airport', Mumbai. The distance from airport to Dervan is appx. 280 km.
2. 'Goa International Airport' (Dabolim Airport), Goa, Vasco Da Gama. The distance from airport to Dervan is appx. 292 km.
3. Pune Airport, Pune. The distance from airport to Dervan is appx. 255 km.

Rail: All major trains on Konkan Railway Route destined for Goa, Kerala and Mumbai have stop over at Chiplun

Road: Regular Bus service from Mumbai (280 km), Pune (250 km), Kolhapur (166 km), Solapur (303 km), Belgaum (273 km), Bijapur (283 km) is available.

11003	Tutari Express	Dadar – 00.05 am	5.18

Glimpses of the earlier batches.

Participant comments:

What we normally use, the suture material, needle handling, the instruments, everything is now very clear. People who are trying surgery would love to do the course.

Not a single person was left un-attended; rather it was well-paced for the beginners as well as for the Practitioners.

UdayPote- MS Ortho. Pune

Basic Surgical Course is the basic necessity for all the surgeons despite any Speciality.

This course teaches how to handle any common surgical scenario with precise techniques.

No course is as equivalent in terms of course material and practical approachability.

Varun Saroday M.B.B.S. Mumbai

The miniscule details, which a trainee asks while performing basic surgical procedures to their seniors, were solved practically by the expert faculty in a simplified manner.

Muhammad Naqvi M.B.B.S. Indore

Though I completed my MS. Ortho, I could correct a lot of basic things from suturing techniques, knotting, etc. For. E.g. in amputations Orthopedic Surgeons use Hand-ties. I was not following correct methods. After attending the course, I am now interested to use the techniques taught. I will start applying the techniques taught and will guide my colleagues as well.

Suthar Sundarlingam M.S.Ortho.

Kanyakumari.

DIAGNOSTIC & RESEARCH CENTRE

THE ROYAL COLLEGE
OF SURGEONS OF
EDINBURGH

The Royal College of Surgeons of Edinburgh, UK, conducting a course for the **first time in Dervan, India**, presents a unique opportunity for Doctors to attend a Hands-On Basic Surgical Skills Course.

The course is at **BKL Walawalkar Hospital in Dervan, Maharashtra** run by The Royal College of Surgeons of Edinburgh.

This course is ideal for doctors looking to **learn and improve the basic skills and techniques of Surgery**. They will have the opportunity to learn from highly qualified and experienced visiting faculty from UK.

This course provides Assessment and **Certification by the Royal College of Surgeons of Edinburgh, UK**.

This certification is highly desirable for MRCS examination and ideal for doctors wanting to obtain surgical training and work in the U.K.

The course will be conducted twice over 2 days each between 12th to 17th February 2018. The fee for the course will be Rs. 40,000/- and will include food and accommodation.

Terms and Conditions

1. Registration fees

All participants must pay the registration fee and submit the details of payment in registration form and email to above given email address. Your registration in the workshop will be confirmed on receipt of payment.

For NEFT & RTGS payments please contact, Dr. Netaji Patil for banking details.

No cancellations of registration will be allowed and no fee will be refunded once the payment received or processed.

2. Liability

B.K.L. Walawalkar Hospital reserves the right to amend any part of the Workshop programme if necessary at any time.

Date-

Batch I:

Monday 12th February 2018 -Tuesday 13th February 2018

Batch II:

Thursday 15th February 2018 -Friday 16th February 2018

Time: 8.30 am – 5.00 pm

Venue:

B.K.L. Walawalkar Hospital, Diagnostic & Research Center,
At & Post: Sawarde, Dervan,
Taluka: Chiplun, District: Ratnagiri.
Maharashtra State, 415606, India.

Cost:

RUPEES 40,000 for Indian Residents
Pounds 465 for NRI

This course certification is highly desirable for higher Surgical training & MRCS examination, UK.

COURSE GOAL:

* The aim of this workshop is to provide a structured curriculum to teach the correct basic surgical techniques and to instill in the trainees the best habits at the beginning of a surgeon's training.

* The course is held over two days and is made up of a series of demonstrations and extensive hands-on sessions

* At the end of the workshop, trainees will be able to demonstrate the correct basic surgical techniques and appreciate the theoretical and practical knowledge of basic surgical procedures

WHO SHOULD ATTEND:

- Strongly recommended as highly desirable programme for all surgical trainees i.e. General Surgery, Orthopedics, Otolaryngology, Obstetrics & Gynaecology, Hand and Plastic surgery and Urology
- House Officers, Residents, Medical Officers
- Clinicians who seek to equip themselves with good basic surgical techniques.

DEAN

Basic Surgical Skills Course

Overview

This two day course, aimed to instill core surgical skills at the very start of a surgeon's training by teaching the correct basic techniques. This course is run under the guidance of Surgical Skills Centre in Edinburgh. The faculty is always drawn from a specially selected group of surgeons, each with a wide range of knowledge and experience in teaching.

Learning Style

The course is held over two days with a series of demonstrations followed by extensive hands on sessions. Surgical Techniques are practiced using a combination of prepared animal tissue, synthetic models and simulation. Course participants have access to pre-course material online giving them the opportunity to view the basic concepts covered by the course.

Aims & Objectives

Junior trainees pursuing a career in surgery are expected to be able to perform a range of basic surgical skills prior to commencing specialty surgical training. The Basic Surgical Skills courses have been running since 1994, with the involvement of all four UK and Ireland Colleges of Surgeons, and are designed to teach the essential basic technical skills required of a surgeon, instilling good practice at the early stages of training. Participants are introduced to the principles underpinning the various techniques being taught and practice these techniques with individual tuition and under the expert supervision of consultant surgeons. Participants are assessed throughout the course and issued with a certificate upon successful completion.

Learning Outcomes

On completion of this course, participants should be able to:

- 1) Explain the principles of good practice in theatre etiquette, knot tying, suturing, haemostasis, anastomosis, surgical diathermy and ergonomics for endoscopic surgery.
- 2) Describe correct handling and use of surgical instruments.
- 3) Demonstrate an appropriate procedure for 'gowning' and 'gloving' in accordance with recommended standards of practice.
- 4) Tie a variety of reliable knots, including surgical reef knots and the Aberdeen knot and tying at depth.
- 5) Suture a variety of tissues, including skin, bowel, vascular tissue and tendons effectively.
- 6) Perform abscess drainage and contaminated wound debridement in accordance with the basic principles of wound management.
- 7) Demonstrate basic techniques for small bowel, vascular and tendon anastomoses.
- 8) Demonstrate an understanding of basic diathermic technique.
- 9) Demonstrate effective management of ergonomic tissue commonly encountered with endoscopic surgery.

Additional Information

The Trainer trainee ratio in the course is 1:5, thus allowing for personalized support and supervision. There is ample opportunity to interact with faculty and assisting staff and to share their vast knowledge. The location of the centre, in the beautiful foothills of the Sahyadri mountains, India in addition to its excellent sporting facilities, provides a unique educational opportunity.

BASIC SURGICAL SKILLS COURSE

12th & 13th February 2018

Venue: BKL Walawalkar Hospital, Dervan

COURSE PROGRAMME

Day 1 – 12 th February		
Time	Topic	Location
08:30	Registration	Reception
09:00	Introduction	Seminar room
	Gowning & Gloving	Wet lab (demo and practice)
	Handling instruments	Wet lab (demo and practice)
	Knots (1) <i>Reef knot, instrument tie</i> Assessment	Wet lab (demo and practice)
11:00	Coffee Break	
	Knots (2) <i>Surgeons knot, tie at depth</i> Assessment	Wet lab (demo and practice)
	Suturing - <i>Needle manipulation and driving, interrupted, sub-cuticular, vertical mattress</i> Assessment	Wet lab (demo and practice)
13:00	Lunch Break	
	Skin lesions and LA techniques - <i>Skin lesions, sebaceous cyst</i>	Wet lab (demo and practice)
	Fine tissue handling (1) <i>Tendon repair, assisted</i>	Wet lab (demo and practice)
15.15	Coffee Break	
	Wound management - <i>Abscess drainage, debriding traumatic wound</i>	Wet lab (demo and practice)
	Diathermy (practical or seminar)	Wet lab (structured practice)
17:00	Question and answer session	Seminar room

Day 2 – 13 th February		
Time	Topic	Location
09:00	Skills consolidation/OSAT	Wet lab (practice & assessment)
	Abdominal incision and closure	Wet lab (demo and practice)
11:00	Coffee Break	
	Haemostasis - <i>ligation in continuity, pedicle ligation, transfixion</i>	Wet lab (demo and practice)
	End to end bowel anastomosis - <i>interrupted, instrument tied knots</i>	Wet lab (demo and practice)
13:15	Lunch Break	
	Fine tissue handling (2) <i>Vein patch exercise, assisted</i>	Wet lab (demo and practice)
15:00	Coffee Break	
	Introduction to endoscopic surgery	Seminar room
	Endoscopic exercises - <i>visualisation tasks, various scope angles, use of coaxial instruments, manipulation of non-coaxial instruments</i>	Wet Lab
16:45	Question and answer session, certification	Seminar room
