Date-29/12/22

To,
Dean,
B.K.L. Walawalkar Rural Medical College,

Subject-Anatomy Department aspiration (Short term and Long term)

Academic aspirations-

- To start M.D. Anatomy/MSc/PhD/ (5 years)
- To develop a Cadaveric lab for cadaveric workshops- integrating with pre and clinical departments (3 years)
- To develop a separate section on cross- sectional anatomy (including gross anatomy & radio imaging) for anatomy museum.- (3years)
- To prepare bar coding of museum specimens for description/ information regarding specimens (written/ audio) (3 years)
- **Research aspirations**
- To increase international and national collaborations for research (3 years)
- To Increase quantum of research publications (3years)
- **Social aspirations-**
- To enter in to MOUs with NGOs for welfare activities (3years) body donations, student's visits to Anatomy museums etc. for health education and science education etc. adolescent girls from colleges visit to museums etc.
- To increase the research projects funded by DST, DBT, ICMR, RGSTC (10 years) students and faculty).

We have already conducted cadaveric workshops in collaboration with Orthopedic department in last three years.

Thanks,

Dr. Pushpa Burute.
HOD, Anatomy

Date: 27/12/22

To,
Dean,
B.K.L. Walawalkar Rural Medical College,

Subject- Aspirations of Physiology Department...

1. To expand the scope and reach of "Dream health park" to unfold scientific mysteries in India and culture and to educate adolescent population from Konkan. (3 years)
2. To enter in to MOUs with NGOs for welfare activities (3 years) MOU for health park visits with various schools and colleges/ health camps etc.
3. To establish 'Yoga center' _by appointing Yoga Therapy Expert with Legitimate Degree or Certification from QCI_
4. To design Sports and Nutrition program in collaboration with MUHS.
Solution: To be designed in collaboration with Department of Biochemistry, Orthopedics, Psychology & Psychiatry to ensure 360 degree coverage of Sport Medicine
5. To increase international and national collaborations for research (3 years)
6. To Increase quantum of research publications from all the faculty.
7. To increase the research projects funded by DST, DBT, ICMR, RGSTC (10 years)
8. Increase research projects to offer solutions to rural issues through government and non-government funding for research designed to generate a positive societal impact to improve health of all (10 years)
9. To Expedite and encourage entrepreneurship among faculty and students, to convert innovations and patents in to products which will benefit the villagers (10 years)
10. To start M.D./MSc/ PhD/ (10 years)

Thanks,

Dr. C. Maitra

To,
Dean,
B.K.L. Walawalkar Rural Medical College,

Subject -Biochemistry Department aspiration

- To increase the scope of center for adolescent health and nutrition (3 years)Ongoing "DERVAN cohort" in collaboration with RGSTC Maharashtra
- To establish center for Tropical Diseases with emphasis on diagnostics(point of care) of snake and scorpion bite with reference to konkan region (snake & scorpion stings, Leptospirosis) (10 years) In process
- To expand the scope of a clinical laboratory with additional investigations and instrumentation (HPLC, capillary electrophoresis for Hbpathy, FTIR)
- To set-up 'Clinical Biochemical Genetics' laboratory; To undertake projects like 'comprehensive New-born screening Programme' suitable for the Konkan region. (2 years) (In process)
- To expand the scope of existing 'Clinical Molecular genetics' laboratory to support community-specific issues like high incidence of Type -2 diabetes, familial hyperhomocystinemia, high incidence of Hemoglobinopathy)
- To start M.D. Biochemistry/M.Sc/Ph.D (10 years) In process
- Creating "awareness gallery" about Indian ancient and current Biochemist and Nobel laureates to inspire students(3 years)
- To collaborate with local science colleges for teaching Medical Biochemistry and its applications (3 years)

Thanks,

Dr. Anup Nillawar.
HOD of Biochemistry
B.K.L. Walawalkar Rural Medical College

To,
Dean
B.K.L.Walawalkar Rural Medical College

Subject: Pharmacology Department Aspiration

- To establish entrepreneurship to rural adolescents through seed and seed powders and oils(10 years)
- To establish enter for Tropical Diseases (snake & scorpion stings, Leptospirosis),(10 years)
- To establish fully functional animal lab(10 Years)
- To start M.D./MSc/PhD/ (10 years)
- To expand Ayush medicinal Garden (10 years)
- To arrange periodic workshops/competitions to create awareness about medicinal plants available in Local region(3 years)
- To establish ADR Monitoring center which will help us to work in-accordance with Pharmacovigilance Program of India (PvPI) (2 Years)
- To Collaborate with Pharmaceutical industries and working on clinical trials (5 Years)
- Working on different students projects which will bring awareness of medicinal use and health education in the rural community (2 Years)
- To increase Students and faculty (funded and non-funded) projects which will contribute in health sector and publications. (3 Years)

To,
Dean,
B.K.L.Walawalkar Rural Medical College,

Subject- MICROBIOLOGY department aspirations

We would like to submit following short and long term future plan for your approval.

1. To develop Molecular biology laboratory for training of students (3 years)
2. Genomic analysis laboratory for exploring genetic polymorphisms people living in Konkan (3 years)
3. To expand Leptospirosis detection program (3 years) – Culture, RTPCR, MAT
4. To establish alateral flow immunoassay laboratory for development point of care devices for rural population (5 years)
5. To establish Center for Tropical Diseases (snake & scorpion stings, Leptospirosis, malaria, dengue, Rickettsial diseases) (5 years)
6. To standardize the treatment protocol of snake and scorpion stings (5 years)
7. To upgrade Virology Research Laboratory and expand its scope by starting newer molecular diagnostic tests for infectious diseases (5 years)
8. To establish Western Blot, CD4 laboratory and HIV viral load testing laboratory under ART center (5 years)
9. To establish full-fledged DRTB testing center for diagnosis of drug resistant tuberculosis (liquid culture and DST, Interferon gamma release assay, Line probe assay) (5 years)
10. To start M.D./MSc/PhD courses (5 years)

DEAN

B.K.L.Walawalkar Rural Medical College
At.Kasarwadi, Post.Sawarde
Tal.Chiplun,Dist.Ratnagiri

11. To increase collaborations with Science colleges in the vicinity for training and credentialing (3 years)
12. To upgrade bacteriology laboratory – Procure Bact/Alert virtuo(1 year), MALDI-TOF – (3 years)
13. To upgrade serology laboratory – Procure MINI VIDAS® instrument (a compact automated immunoassay system based on the Enzyme Linked Fluorescent Assay (ELFA) principles) (3 years)
14. To start External Quality Assurance Scheme (EQAS) in bacteriology and serology department

Sr. No.	Details	Short term (3 year) or Long term (10 years)	Present status	Remarks/future plans
1	To develop Molecular biology laboratory for training of students	Short term	<ul style="list-style-type: none"> • Molecular research lab is established in RMC, Microbiology department. • Basic equipment available • MUHS SIP and training of science college students conducted. 	Work will be done in collaboration with Dr. Mulherkar madam, Dr. RohitBhat and team
2	Genomic analysis laboratory for exploring genetic polymorphisms people living in Konkan	Long term	<ul style="list-style-type: none"> • Genomic research lab is established in RMC, Microbiology department. • Basic equipment available 	Work will be done in collaboration with Dr. Shirsat and team
3	To expand Leptospirosis detection program	Short term	<ul style="list-style-type: none"> • Leptospira Culture (EMJH) • RTPCR • Rapid tests • Dark ground microscopy 	Macroscopic and Microscopic agglutination tests (MAT) can be started.
4	To establish a lateral flow immunoassay laboratory for development point of care devices for	Long term	Yet to start	Biomedical engineering/biotechnology dept. has to get involved to start the program.

DEAN

	rural population			
5	To establish Center for Tropical Diseases (snake & scorpion stings, Leptospirosis, malaria, dengue, Rickettsial diseases)	Long term For diagnostic tests – short term	<ul style="list-style-type: none"> Leptospira – Culture, RTPCR, Rapid tests, DGM Malaria – PS for MP, Rapid tests, Dengue – NS1, IgM, IgG rapid tests 	<ul style="list-style-type: none"> Malaria - Rapid Ag tests, RTPCR Dengue – RTPCR, ELISA Rickettsial – IIF, ELISA, Weil Felix, RTPCR
6	To standardize the treatment protocol of snake and scorpion stings			
7	To upgrade Virology Research Laboratory and expand its scope by starting newer molecular diagnostic tests for infectious diseases	Long term	<ul style="list-style-type: none"> SARS CoV – 2, H1N1, Leptospirosis, Dengue RTPCR available 	<ul style="list-style-type: none"> Starts new viral RTPCR tests (HIV, HBV, HCV, malaria, HPV type 16-18, H. pylori etc)
8	To establish Western Blot, CD4 laboratory and HIV viral load testing laboratory under ART center	Short term	<ul style="list-style-type: none"> ICTC center, HIV testing by rapid tests available 	<ul style="list-style-type: none"> Western Blot lab – easy CD4 count – Govt. tie up HIV viral load by RTPCR
9	To establish full-fledged DRTB testing center for diagnosis of drug resistant tuberculosis (liquid culture and DST, Line probe assay)	Long term	<ul style="list-style-type: none"> CBNAAT lab available 	<ul style="list-style-type: none"> Institute level – MGIT liquid culture and DST IGRA LPA – Govt tie up needed
10	To start M.D./MSc/PhD courses	Long term	No any development yet	Academic committee and Institute management to decide
11	To increase collaborations with Science colleges in the vicinity for training and credentialing	Long term	<ul style="list-style-type: none"> Training of science college students done 	
12	To upgrade bacteriology lab	Short/Long term	<ul style="list-style-type: none"> Bactec – 9050 (old) Vitek – 2 	<ul style="list-style-type: none"> Replace Bactec with Bact Alert

DEAN

			<ul style="list-style-type: none"> Manual culture, AST 	virtuo(Short term) <ul style="list-style-type: none"> MALDI-TOF (Long term)
13	To upgrade serology laboratory	Short term	<ul style="list-style-type: none"> Rapid immunochromatographic tests for HIV, HBsAg, HCV, HAV, HEV, Dengue etc are available. 	<ul style="list-style-type: none"> Procure MINI VIDAS[®] instrument (a compact automated immunoassay system based on the Enzyme Linked Fluorescent Assay (ELFA) principles)
14	To start External Quality Assurance Scheme (EQAS) in bacteriology and serology department	Short term	<ul style="list-style-type: none"> No EQAS in bacteriology and serology department
