NSS Activity- Dialogue with Dr. Shripad Banavali on “Mridgandh” 15 April 2023

Dr. Shripad Banavali-Academic Director of Tata Memorial Hospital is India's first 'pediatric oncologist' and he spoke to the college students about his life journey. Dr. Banavali did fellowship in Medical Oncology (Adult) for 3 years. Based on his research on Leukemia, he received a fellowship at St. Jude in America. Later, he chose the subject of paediatrics during his post- graduate training there and later did a fellowship in pediatric oncology. Thus becoming the first Indian pediatric oncologist to be formally trained and medical students under the banner of Mudgandh club interviewed him and were inspired from his life story.

Felicitation & welcome

Profe Dr. Banavali with team

NSS Activity -Commemorating Dr. Balasaheb Ambedkar Jayanti, 13 April 2023

On the occasion of Dr. Ambedkar Jayanti, Doctors, students, faculty members and other staff members of the college gathered together for commemorating this day. There was brief discussion on personal and social development that can be done through Vyasanga and the vigilance that students should take in this regard. To inculcate Dr. Ambedkar's thoughts and practices, the theme 'A Great Man I Understand' was chosen for the speech series for medical students.
