

## Red Ribbon Club

This club is established to stream line all HIV/AIDS awareness activities in community, colleges & schools.

Main purpose of this club is to create “peer educators” among Students those will help in awareness

drive. Under this club many activities (competitive & Non-competitive activities Rally, lecture, exhibition etc.) are organized throughout the year on occasion of National youth day, international youth day & national AIDS day.

RRC club student registrations are done annually along with promotion drive for MBBS students. Review of past activities and planning current year’s activities is also carried

out during this period.
