Parent Teacher Meeting – 2nd Year MBBS, 2022 Batch

Minutes of meeting

- Online parent teacher meeting for 2nd year MBBS students was conducted in Dean office on 06-07-2024, at 11 am.

Agenda for the meeting was as follows.

1. Student's attendance
 2. Academic performance
 3. Any other academic issue raised.
- On behalf of BKL Walawalkar Rural Medical College, HOD, Microbiology department welcomed all the parents for the meeting.
 - Brief instructions were given to all the parents about MUHS rules regarding students attendance and Internal assessment marks eligibility criteria for MUHS examination..
 - A minimum of 75% attendance in theory and 80% attendance in practical classes is compulsory for students to be eligible to appear for university examination. Also minimum 50% marks in internal assessment exams (Min. 40% in theory and practical but total minimum is 50%) are necessary.
 - The HOD's of Microbiology, Pharmacology, Pathology, FMT and PSM informed the parents about their student's attendance in respective department's classes and also about their performance in 1st internal assessment examination.
 - It was brought to the notice of all parents that the attendance and performance in 1st internal assessment exam is satisfactory in case of most of the students. But some students are extremely poor in both cases. If students do not attend the classes regularly and the attendance

DEAN

remains poor, they are likely to be detained and will not be eligible to appear for MUHS examination.

- The attendance for class tests and seminars is counted under the head of practicals. Most of the students remain absent for monthly class tests and seminars. This adversely affects practical attendance.
- It was decided in the meeting that the parents of those students who have less attendance and poor performance in 1st internal Assessment examination will be informed separately through email/SMS.
- In the subjects of PSM and Forensic medicine, the classes start from 2nd Year MBBS. Internal assessment exams are also conducted for these subjects in second year. But as the final MUHS exam for PSM and Forensic medicine are scheduled at the end of 3rd MBBS (Part-1), students tend to ignore these subjects in 2nd year. They do not attend classes and perform poorly in internal exams. This badly affects their final attendance and internal assessment marks in these subjects. This point was explained in detail to the parents by HOD's of FMT and PSM departments.
- The Academic Chairman and all HOD's thanked all parents for attending the meeting. The parents also thanked college faculty for arranging this meeting and informing about the progress of their wards and the meeting was concluded.
