Minutes of the meeting:

Sr. No.	Issue discussed	Raised/told by	Information provided & Action suggested	Responsibility
1.	Review of minutes of last meeting conducted on 22/06/2023.	Dr. Nakate
2.	Prevention of surgical site infections	Dr. Nakate, Dr. Dabholkar, Mrs. Jadhav Sister	<ul style="list-style-type: none">• Proper cleaning and sterilization of OT instrument is very essential for prevention of SSI's.• We have prepared a standard protocol for cleaning and sterilization of OT instruments. The concerned staff is hereby instructed to follow these rules strictly.• It is advised to use the ultrasonic washer and enzymatic cleaner for OT instrument washing regularly.	OT In-charge and concerned staff

			<ul style="list-style-type: none"> Also it is strictly instructed to all PG residents, interns that they should change their routine scrubs suits before entering in to OT. The OT in-charge should strictly monitor this issue. If someone enters into OT with their routine scrubs suits, it should not be tolerated and strict action should be taken against such person. 	
3.	Microbiological surveillance of OT/ICU/wards in the last 3 months	Dr. Yogendra Shelke	<ul style="list-style-type: none"> Microbiological surveillance of OT/ICU/wards is satisfactory for last 3 months. (June to September 2023) Occasionally we observed Gram negative bacterial growth in some of the samples. This was immediately informed to concerned OT in-charge who took an appropriate action and solved the issue. 	OT In-charge, Microbiology department
4.	Needle stick injuries	Mrs. Nandoskar	<ul style="list-style-type: none"> It has been observed in the recent times that the HCW's at our hospital have not informed about needle stick injuries within time. It is strongly recommended that they report it immediately. 	Nursing In-Charge
5.	Reporting and recording of data by Infection control nurse	Dr. Nakate, Dr. Yogendra Shelke	<ul style="list-style-type: none"> Dept. of Microbiology has supplied formats for reporting and recording of HAI's. There are also registers for CRBSI, VAP, CAUTI and SSI to be filled/updated on daily basis. It has been observed that the ICN's are not doing it and the recording of HAI's is incomplete. The ICN's are hereby instructed to complete the pending work and daily update the data and convey it to Secretary HICC. We require at least 2 fulltime trained Infection control nurses. The hospital management is hereby requested to fulltime designate 2 trained nurses for hospital infection control related work. 	Hospital superintendent and management, Infection control nurse (ICN),
6.	OT tap water quality	Mrs. Jadhav Sister	<ul style="list-style-type: none"> It is advised to check the microbiological contamination, endotoxin testing of OT tap water on monthly basis which is used for cleaning OT instruments and also by surgeons. It is also advised to clean and disinfect the main OT water tank on regular basis. Preferably clean RO water should be made available for cleaning OT instruments and also for use by surgeons. 	Hospital superintendent and management

			<ul style="list-style-type: none"> • There should be an arrangement of a hot water tap in OT for instrument washing. 	
7.	Biomedical waste disposal	Dr. Yogendra Shelke	<ul style="list-style-type: none"> • It is advised to arrange for 3 different rooms/sections (Red, yellow, blue) at BMW storage facility. Different color coded bags should be stored accordingly. • The different types of waste generated should be weighed on daily basis and record should be maintained before sending for disposal. 	Hospital superintendent and management
8.	Training of nursing staff	Dr. Netaji Patil	<ul style="list-style-type: none"> • We will soon organize training of our nursing staff in Prevention of Healthcare associated infections. • All nursing staff should participate in the training. 	Hospital superintendent, Dept. of Microbiology
9.	Empirical antimicrobial policy for BKLWRMCH	Dr. Prasanna Nakate	<ul style="list-style-type: none"> • An Empirical antimicrobial policy has been prepared for the hospital by Microbiology department. • The copy of this is provided to Dr. Asawari Modak. She is requested to circulate it to all Clinicians and surgeons. • Clinicians and surgeons are advised to go through it and suggest any modifications if required. 	All clinical departments
