Family Adoption Program Report-(01.08.25 to 31.7.26)

As per the direction of the National Medical Commission, BKL Walawalkar Rural Medical College has started the Family Adoption Program (FAP) from 2021 MBBS batch under the guidance of Dr. Gajanan Velhal, Head of the Department, Department of Community Medicine. The prime aim of this program is to provide medical students with on-ground hands-on experience from the beginning and also increase the availability and accessibility of doctors or medical professionals in rural areas.

Under this program, MBBS students are allotted three families in rural area. During this, the students study the various aspects of health and disease influencing factors in the family. They follow the family on a yearly basis from 1st professional year to Phase-III. This develops a trustworthy and long - lasting relationship with the families which will facilitate health seeking behaviour and promote health and prevent disease.

Selection of village & preliminary survey

A formal meeting was held in the department under Dr Velhal Sir, Professor & HOD for planning of FAP with nodal officer. Mentors & field staff for selection of villages & necessary permissions & liaison with local administration. With prior meetings of stake holders & community workers , The areas will be selected for each admission batch.

1. Admission batch 2022(Batch B,C,D,E) A batch in previous Year - Sawarde village- Kasarwadi, Gudekarwadi, Kumbharwadi, Bhuwadwadi, Khotwadi
2. Admission batch2023-- Wahal- Baudhawadi, Bharadwadi, Ghadashwadi
Morewadi, Bhuwadwadi, Kumbharwadi, Gawakarwadi, Sonarwadi, Telewadi, Bharamnwadi
3. Admission batch 2024 - Kokare, Niwali, Murtawade
4. Admission batch 2025- Dervan ,Faujdarwadi, Dervan chavanwadi / boudhwadi

Orientation session-

A brief session on the needs and competencies of Family Adoption Programme (FAP) as recommended by the National Medical Council of India conducted by Mentor for each batch. In the session, students were sensitized to the need of reaching out to the rural community and providing health care services to those who are in need. As per the programme, the students were briefed about adoption of three families by each student and what is the importance of being a part of the families adopted by them. An introductory session on the FAP log book was also conducted and students were sensitized on how to practically collect information about the adopted families in the field. The details given in the log book were discussed thoroughly. All the basics required for filling the family details, clinical history, clinical examination etc. were highlighted. The doubts, difficulties and barriers were discussed and cleared.

Feedback by students -

The students were instructed to prepare their FAP power point presentation on the families they visited along with the reflection during the Family Adoption Programme and share their experiences. Students have to explain the purpose of visit and sought permission of family before entering the house. The students enjoy the visits and interactions with village people, which will increase their insight on rural living. All family members co-operation will be anticipated.

FAP teaching hours covered in a tenure of 01.08.25 to 31.07.26 according to Admission batch

SR. No	Admission Batch	No. of adopted Families'	Teaching hours covered
1	2022	450	A- 42, B- 31
2	2023	450	A- 31, B-27, C-39, D-33, E-25
3	2024	450	A- 24, B,24,C - 24
4	2025	450	A 24, B,24, C- 24
